Vanquish® contains diglycolamine salt of dicamba.

Control Stubborn Weeds, Brush and Vines in VM Settings

Vanquish® is a liquid post-emergent herbicide that offers effective management of troublesome weeds, brush and vines in a variety of VM settings. It controls more than 200 broadleaf weeds, brush and vine species. It’s also an ideal tank-mix partner for even more comprehensive control.

Key Performance Benefits

- Economically controls more than 200 weeds
- Effective on stubborn species like kochia, thistles, kudzu, ragweed, elm, spruce and many others
- Low volatile formulation of dicamba
- Offers excellent tank-mix compatibility
WEEDS CONTROLLED

ANNUALS:
- Amaranth, spiny (spiny pigweed)
- Aster, slender
- Bedstraw
- Beggarweed, Florida
- Broomweed, common
- Buckwheat, wild
- Buffalo
- Burclover, California
- Burdocks
- Buttercup, roughshank
- Carpetweed
- Catchfly, nightflowering
- Chamomile, corn
- Chickweed, common
- Clowers (annual)
- Cockle, corn
- Cockle, row
- Cocklebur, common
- Croton, tropic
- Croton, woolly
- Daisy, English
- Eveningprimrose, cutleaf
- Fleabane, annual
- Goodweed, nettleleaf
- Henbit
- Jimsonweed
- Knotweed
- Lambquarters, common
- Lambquarters (triazine resistant)
- Lettuce, prickle
- Mallow, common
- Mallow, Venice
- Marestail (horseweed)
- Mayweed
- Mede, black
- Morningglory, ivyleaf
- Morningglory, tall
- Mustard, wild
- Mustard, wild
- Mustard (yellowtops)
- Nettles, black
- Pennyroyal, field
- Plantain, bracted
- Plantain, buckhorn
- Pokeweed
- Ragweed, giant
- Ragweed, giant
- Rubberweed, bitter
- Shepherdspurse
- Sida, prickly
- Smartweed, green
- Spurge
- Sunflower, common
- Sunflower, volunteer
- Thistle, Russian
- Velvetleaf
- Waterhemp
- Waterprimrose, winged
- Wormword, annual

BIENNIALS:
- Burdock, common
- Carrot, wild
- Cockle, white
- Eveningprimrose, common
- Geranium, Carolina
- Gromwell
- Knapweed, diffuse
- Knapweed, spotted
- Mallow, dwarf
- Plantain, bracted
- Ragwort, tansy
- Starthistle, yellow
- Sweetclover
- Touch
- Thistle, bull
- Thistle, milk
- Thistle, musk
- Thistle, plumeless

PERENNIALS:
- Alfalfa*
- Artichoke, Jerusalem
- Aster, spiny
- Arctium, hogweed
- Bedstraw, smooth
- Bindweed, field
- Bindweed, hedge
- Blueweed, Texas
- Bursage (curved)
- Bursage, woollyleaf

*Noted perennials may be controlled using Vanquish at rates lower than those recommended for other listed perennial weeds.

**Tank mixtures may be needed for optimal control.

Established turf grasses (including golf courses) and lawns

Rights-of-way (including roadways, utility, railroad, highway, pipeline, and rights-of-way that run through pasture and rangeland)

Utility facilities (including substations, pipelines, tankfarms, pumping stations, parking and storage areas, non-irrigated ditches, and fence rows)

Fence rows

Natural areas

Forest site preparation

Application Recommendations

<table>
<thead>
<tr>
<th>WEED TYPE</th>
<th>RATE/acre</th>
</tr>
</thead>
<tbody>
<tr>
<td>Annual</td>
<td>½ to 1½ pts</td>
</tr>
<tr>
<td>Biennial</td>
<td>½ to 3 pts</td>
</tr>
<tr>
<td>Perennial</td>
<td>½ to 4 pts</td>
</tr>
<tr>
<td>Woody Brush and Vines</td>
<td>½ to 4 pts</td>
</tr>
</tbody>
</table>

See label for specific rates and timings of applications.

Retreatments may be made as needed; however, do not exceed a total of 4 pts (2 lbs a.i.) of Vanquish per treated acre during a growing season.

For specific application rates, directions, mixing instructions and precautions, read the product label.
