PERMIT TO ALLOW MINOR USE OF AN AGVET CHEMICAL PRODUCT
FOR THE CONTROL OF GRASS WEEDS AND BROADLEAF WEEDS IN
RADISHES, SWEDES AND TURNIPS
PERMIT NUMBER -PER11441

This permit is issued to the Permit Holder in response to an application granted by the APVMA under section 112 of the Agvet Codes of the jurisdictions set out below. This permit allows a person, as stipulated below, to use the product in the manner specified in this permit in the designated jurisdictions. This permit also allows any person to claim that the product can be used in the manner specified in this permit.

THIS PERMIT IS IN FORCE FROM 27 MAY 2009 TO 31 DECEMBER 2019.

Permit Holder:

AGAWARE CONSULTING P/L ON BEHALF OF HORTICULTURE AUST LT
21 Rosella Avenue
STRATHFIELDSAYE VIC 3551

Persons who can use the product under this permit:

Persons generally.

CONDITIONS OF USE

Product to be used:

NUFARM RAMROD[®] FLOWABLE HERBICIDE

Containing: 480 g/L PROPACHLOR as the only active constituent.

Directions for Use:

Crop	Pest	Rate
RADISH (<i>Raphanus sativus</i>), SWEDE (<i>Brassica napus</i>) AND TURNIP (<i>Brassica rapa</i>)	GRASS AND BROADLEAF WEEDS	5.0 - 7.0 L/ha pre-emergent/post transplant

Critical Use Comments:

- Use the lower rate on light to medium textured soils, increase to the high rate on heavy textured soils.
- Apply to the soil surface prior to weed or seeded-crop emergence.
- Some moisture, either rain or sprinkler-irrigation, is required soon after application to activate the product.
- Apply in at least 200L of water per hectare, with a pressure of about 200 kPa, using flat fan or flood jet nozzles and nozzle/line screens no finer than 50 mesh.
- Queensland experience has indicated that in sandy soil the proposed rates may give useful weed suppression, but not total control.

Withholding Period:

NOT REQUIRED WHEN USED AS DIRECTED

Jurisdiction:

ALL States

(**Note:** Victoria is not included in this permit because their 'control-of-use' legislation means that a permit is not required to legalise this off-label use in VIC).

Additional Conditions:

THIS PERMIT provides for the use of a product in a manner other than specified on the approved label of the product. Unless otherwise stated in this permit, the use of the product must be in accordance with instructions on its label.

PERSONS who wish to prepare for use and/or use the products for the purposes specified in this permit must read, or have read to them, the permit particularly the information included in DETAILS OF PERMIT and CONDITIONS OF PERMIT.

TO AVOID CROP DAMAGE:

The sensitivity of some species and varieties of the crops to be treated under this permit has not been fully evaluated. It is advisable, therefore, to only treat a small number of plants to ascertain their reaction before treating the whole crop.

Export of Produce:

Exported produce or animals must have appropriate residue tolerance limits established in the importing countries and any residues must not exceed the tolerance limits.

Issued by

Delegated Officer
