SlugOut®

HAZARD CLASSIFICATION: 6.8B, 6.9B, 9.1D

This product must not be used for any purpose, or in any manner, contrary to this label unless authorised under appropriate legislation.

TOXIC

Harmful – may cause reproductive / development and liver damage from repeated oral exposure.

ECOTOXIC

Harmful to aquatic organisms. Avoid contamination of any water supply with product or empty container. Although SlugOut is generally unattractive to cats and dogs, it is recommended that domestic animals such as pets and poultry be kept off treated areas. Do not allow dogs or other animals access to bags of SlugOut as the product may be fatal if a sufficient quantity is ingested.

HANDLING PRECAUTIONS

STORAGE

Keep out of reach of children. Store in original container tightly closed and in a locked, dry, cool area away from foodstuffs, domestic animals and poultry. Storage must be in accordance with NZS 8409 Management of Agrichemicals. Stores containing 10,000kg SlugOut are subject to signage and more than 10,000kg require emergency response plans.

PERSONAL PROTECTION

Avoid skin contact. Wash hands and exposed skin before meals and after work.

EQUIPMENT

Ensure equipment is clean, well maintained, and accurately calibrated.

DISPOSAL

Ensure container is completely empty. Burn empty container in an appropriate incinerator if circumstances such as wind direction permit. Otherwise crush and bury in a suitable landfill. Dispose of product only by using according to the label, or at an appropriate landfill.

First Aid: If swallowed do NOT induce vomiting. For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately.

Spillage: Sweep up granules and dispose of waste safely (e.g. in a suitable landfill).

DIRECTIONS FOR USE

It is an offence for users of this product to cause residues exceeding the relevant MRL in the New Zealand (Maximum Residue Limits of Agricultural Compounds) Food Standards.

Broadcast: Use 10-15kg/ha (100-150g/100m²). Use the high rate where slug/snail levels are high. Broadcast evenly over the surface of the ground or band along the plant/drill rows. Apply by hand or through most granule or fertiliser applicators. For small areas use about 6g (1 teaspoon) per square metre. For crop establishment apply baits prior to sowing (1-5 days), at sowing, or immediately after sowing. For emerged or established crops apply immediately damage appears.

Drilling with seed: Drill 10kg/ha into the furrow with the seed. Use only in situations where the drill leaves a distinct open drill slot allowing the slugs easy access to the germinating seeds in the furrow (if in doubt broadcast baits as above). Distribute through granule applicator hopper or mix thoroughly with the seed.

WITHHOLDING PERIOD: Do not apply to edible plant parts. Withhold stock from treated areas for 7 days.

CONDITIONS OF SALE:

CAUTION: READ THIS NOTICE BEFORE OPENING THE CONTAINER

If you open this container you will be deemed to have accepted the conditions below.

The results from use of this product may be affected by factors beyond Nufarm's control, including mixing, use, climatic conditions, time of application, crop or crop stage and the possible development of resistance to the active ingredient, even though the product is reasonably fit for the purposes stated in this label, and even though label directions are followed. Nufarm will replace, free of charge, any product which is found to have a manufacturing defect. To the extent permitted by law, all other warranties, guarantees, representations and conditions, whether expressed or implied by law, trade, custom or otherwise are expressly excluded.

When you use this product, you agree that neither Nufarm Limited nor any manufacturer of any component of the product will be liable for any damage, injury or loss including consequential loss which arises in any way from the storage, handling, or use of the product. This exclusion of liability includes loss caused by negligent acts or omissions of Nufarm Limited or any supplier or manufacturer of the product or any of their employees and agents.
