COMPANY WARRANTY:
Read Limit of Warranty and Liability before buying and using. If terms are unacceptable, return at once unopened. eKKo warrants that this material conforms to the chemical description of the label. To the extent permitted by law, all conditions and warranties with respect to the goods which are expressed or implied by statue, the common law, equity, trade custom or usage or otherwise whatsoever are hereby expressly excluded from every contract of sale of the goods whether by eKKo or any intermediate seller. eKKo makes no other warranties of any kind, expressed or implied, with respect to the product. The material is sold upon the conditions that the buyer, intermediate seller and/or user assumes all risks of the use and handling of the material. Failure of this material to conform to the chemical description on the label or for any breach of an implied condition of warranty shall be limited to the replacement of the material involved by an equal quantity of material which conforms to law liability. Any indirect or consequential loss or damage is hereby expressly excluded from every contract of sale of goods whether by eKKo or any intermediate seller. Not for repackaging or re-formulation. No license under any non-South African patent is granted or implied by purchase of this container.

STORAGE AND DISPOSAL:
Store in the closed, original container in a cool, dry place out of reach of children. Do not store in direct sunlight.

Triple or (preferably) pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on-site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush or puncture and bury empty containers in a local authority landfill.

If no landfill is available, bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

FIRST AID:
If poisoning occurs, contact a doctor or Poisons Information Centre. Phone 13 11 26. If swallowed, DO NOT induce vomiting. Give a glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

SAFETY DIRECTIONS:
Will damage eyes. Will irritate the nose and throat and skin. Avoid contact with eyes and skin. Do not inhale spray mist. When opening the container, preparing solution and using the prepared solution, wear cotton overalls buttoned to the neck and wrist (or equivalent clothing), elbow-length PVC gloves, goggles and disposable (mista) mask. If product in eyes, wash it out immediately with water. Wash hands after use. After each day’s use, wash goggles and contaminated clothing.

MATERIAL SAFETY DATA SHEET:

This product is not classified as a dangerous good under the Australian Dangerous Goods Code, 6th Edition, for Transport by Rail and Road.
**POISON**

**KEEP OUT OF REACH OF CHILDREN**

**READ SAFETY DIRECTIONS BEFORE OPENING OR USING**

**SPOREKILL®**

**AGRICULTURAL DISINFECTANT**

**A BROAD SPECTRUM SANITATION AND WATER TREATMENT SOLUTION**

**FOR USE IN AGRICULTURE & HORTICULTURE**

**DIRECTIONS FOR USE:**

**RESTRAINTS:**

Use on plant materials: Sporekill is not a single means of controlling infection. It is not intended to replace the use of fungicides. Sporekill is compatible with most fungicides and use should be incorporated into a normal spray programme.

<table>
<thead>
<tr>
<th>SITUATION:</th>
<th>RATE:</th>
<th>CRITICAL COMMENTS:</th>
</tr>
</thead>
<tbody>
<tr>
<td>General disinfection of growing medium (inert or non-organic), equipment (such as pruning shears &amp; ploughs), footbaths &amp; hands</td>
<td>100 mL/10 L water (1% solution)</td>
<td>Keep wet for over 10 minutes for best results.</td>
</tr>
<tr>
<td>General disinfection of cold rooms, packing sheds, tunnels, seedtrays &amp; other hard surfaces</td>
<td>100 mL/100 L water (0.1% solution)</td>
<td>First remove all organic matter from surfaces and keep wet with Sporekill solution for over 10 minutes for best results.</td>
</tr>
<tr>
<td>Disinfection of irrigation water (non-food crops only)</td>
<td>5 - 20mL/1000 L water for continuous dosing</td>
<td>When dosing for the first few times, the dirt/algae/organic matter will be discharged and may clog your drippers, spitters or sprinklers. Therefore, rinse your irrigation pipes frequently. The cleaner the irrigation water to be treated, the better the results. May be used in fertigated water. Do not apply directly via fertiliser tank.</td>
</tr>

</table>

**PLANT SANITATION:**

<table>
<thead>
<tr>
<th>PLANT SANITATION: Carnations, Chrysanthemums and Cut Flowers</th>
<th>Rate: 100mL/100 L water</th>
<th>Growers are advised to check for varietal differences by first treating a small sample. Apply to foliage with first application after transplanting or 6 weeks after planting seed. Apply at 7 day intervals.</th>
</tr>
</thead>
<tbody>
<tr>
<td>PLANT SANITATION: Roses in green/shade houses</td>
<td>Rate: 50 mL/100 L water</td>
<td>Growers are advised to check for varietal differences by first treating a small sample. Apply to foliage at 10-14 day intervals.</td>
</tr>
<tr>
<td>Post-harvest treatment of Cut Flowers in containers</td>
<td>Rate: 15 mL/10 L water</td>
<td>The stock solution may be used for up to 7-10 days if kept clean. Do not keep cut flowers in stock solution for longer than 48 hours.</td>
</tr>
</tbody>
</table>

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

**WITHHOLDING PERIOD: NIL.**
GENERAL INSTRUCTIONS:
Effective against a range of fungi and bacteria pathogens. Stays active as long as it is in solution (does not oxidise).
Under heavy agitation, foam may form and a defoaming agent (food grade) may be useful.
A test kit is available to measure active Sporekill in water.
Sporekill has wetting characteristics, so a wetting agent does not need to be added.

Application:
For foliar application as a plant sanitiser for flowers, good coverage is essential. Ensure that both upper and lower leaf surfaces are covered. Spray to runoff with standard spray application equipment.

Compatibility:
Sporekill may be used with fertigated water. Do not apply directly via fertiliser tank. Sporekill is compatible with Liquicop® Copper Fungicide and a range of fungicides. Information can be obtained by contacting EKKO.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT:
DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL:
Store in the closed, original container in a cool, dry place out of reach of children. Do not store in direct sunlight.
Triple or (preferably) pressure rinse containers before disposal. Dispose of rinsate with empty containers. Do not dispose of undiluted chemicals on-site. If recycling, replace cap and return clean containers to recycler or designated collection point.
If not recycling, break, crush or puncture and bury empty containers in a local authority landfill.
If no landfill is available, bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

FIRST AID:
If poisoning occurs, contact a doctor or Poisons Information Centre. Phone 13 11 26. If swallowed, DO NOT induce vomiting. Give a glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

SAFETY DIRECTIONS:
Will damage eyes. Will irritate the nose and throat and skin. Avoid contact with eyes and skin. Do not inhale spray mist. When opening the container, preparing solution and using the prepared solution, wear cotton overalls buttoned to the neck and wrist (or equivalent clothing), elbow-length PVC gloves, goggles and disposable (mist) mask. If product in eyes, wash it out immediately with water. Wash hands after use. After each day’s use, wash goggles and contaminated clothing.
